- 3 Highlights
- 6 Schedule: Wednesday
- 9 Schedule: Thursday
- 12 Schedule: Friday
- 15 Where to find us at ExCeL

Highlights

At Bett 2024, there are many ways to engage, learn, and be inspired by Microsoft. This daily schedule provides an in-depth look at everything Microsoft has to offer at this year's conference, including product demos, expert-led sessions, and the latest on AI in our Microsoft Learn Live Classroom. Use this guide to map out your Bett experience and save the date for some — or many — Microsoft-hosted activities today!

Thrive with AI: Lead like a scientist

Keynote

Bett Arena

Wednesday, 24 January, 10:00 – 10:30

In this inspiring keynote, Microsoft's Chief Scientist, Jaime Teevan will look back to understand and provide perspective around AI and look forward to consider how we shape preferred futures. Jaime will draw on her extensive leadership experiences to explore the fundamental shifts in what will matter most in the future of work and learning.

AI in Education

Microsoft stand (SH20)

Wednesday, 24 January, 14:30

Join **AI in education: Chat with Microsoft Chief Scientist Jaime Teevan**, hosted by Paige Johnson, VP of Education Marketing for Microsoft.

Highlights

Microsoft stand (SH20)

Wednesday, 24 January, 10:00–18:00

Thursday, 25 January, 10:00–18:00

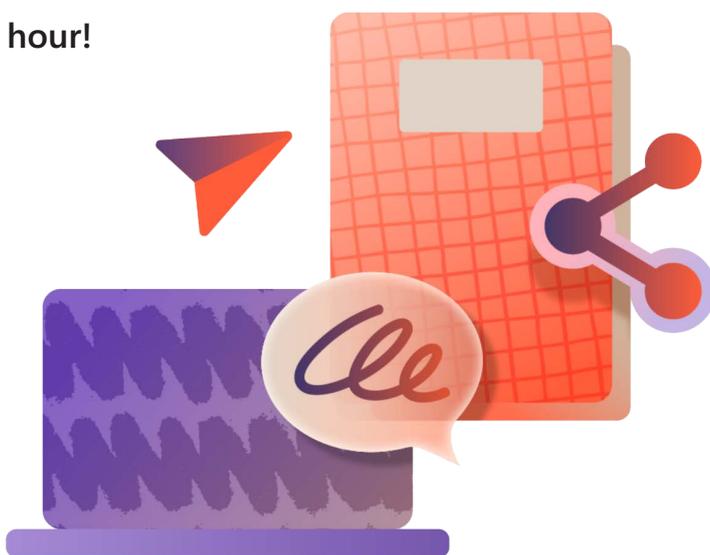

Friday, 26 January, 10:00–17:00

Join us on the Microsoft stand to experience live demos and in the Microsoft Learn Live Theatre for how-to sessions from experts who will share the latest features and tips for using Microsoft education technology in the classroom.

A wide array of Microsoft Education solutions will be featured, including these hot topics:

- Learn about the **latest AI updates from Microsoft** that support personalization, saving time, and making learning more inclusive and meet your everyday AI assistant—see how **Microsoft Copilot** can help you be more productive and boost creativity.
- Discover how to use **Learning Accelerators** to support reading, math, search, and speaking skills—students can get coaching to save time and show learning progress to provide teachers with valuable insights and data on student progress.
- Hear proactive steps to **stay secure, defend against threats** with Microsoft 365 Defender, and keep students safe with Microsoft Purview.
- Visit our **partner stations**. From simple applications to complex integrations, Microsoft works with our partners to build innovative cloud-to-edge solutions, applications, and services.

Sessions in our theatre start every half hour!

Microsoft Learn Live Classroom

ICC Suite 8

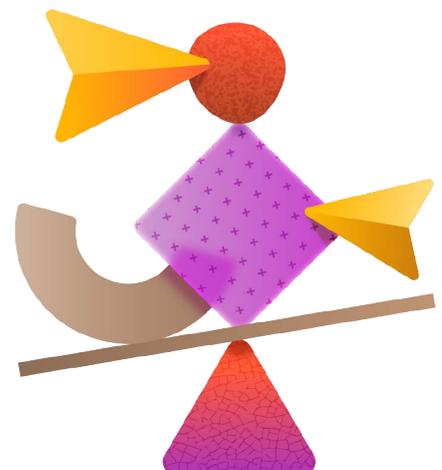

Open daily from 10:00 during Bett

Attend a Microsoft-led hands-on workshop to discover new tools and strategies to explore AI in education, improve efficiency and cybersecurity, and prepare students for the future with the power of Microsoft's Learning Accelerators, Copilot, Flip, Minecraft, and more.

Microsoft Learn Bett 2024 Challenge

Grow your technology toolbox and sharpen your skills with this curated collection of free asynchronous learning modules. Microsoft has created this Learn Challenge for you to explore how you can support all learners in your classroom with Microsoft Copilot and Learning Accelerators. This challenge will be available through 29 February, 2024.

Where to find us at ExCeL

Join us for Reimagine Education on 6 March, 2024!

AI is transforming the world of education. Generative AI tools are having an incredible impact on the way we learn, work, and play.

At Microsoft, we are committed to making sure AI systems are developed responsibly and that equitable opportunities are created for all students, in the classroom and beyond.

Join us for this digital event to explore insights from global education innovators who will share next practices on education equity, security, and workforce readiness in the era of AI.

Together we can reimagine education.
